

## HANDS-ON WORKSHOPS / WORKSTATIONS

Workstation 1:  
DBE and adjuvant / additive complementary techniques (APC, polypectomy etc.)

Workstation 2:  
DBE and adjuvant / additive complementary techniques (APC, polypectomy etc.)

Workstation 3:  
DBE and adjuvant / additive complementary techniques (APC, polypectomy etc.)

Workstation 4:  
DBE and adjuvant / additive complementary techniques (APC, polypectomy etc.)

FOR REGISTRATION:  
[www.G-MEA.com](http://www.G-MEA.com)

MAXIMUM 20 PARTICIPANTS

For registration or more information,  
please contact:  
Email: [info@g-mea.com](mailto:info@g-mea.com)

## FACULTY IN ALPHABETICAL ORDER

PD Dr. Joerg Albert  
Head of Endoscopy, Division of  
Gastroenterology  
University hospital Frankfurt, Germany

Dr. Marwan Chemali  
Doctor at Endoscopy Department St. Joseph hospital &  
Bellevue hospital, Lebanon

Prof. Dr. Axel Eickhoff  
Interdisciplinary Chief of Endoscopy Department  
at Klinikum Hanau, Germany

Dr. Ali Farag  
Head of endoscopy training courses at Internal  
Medicine Department, Cairo University Cairo, Egypt

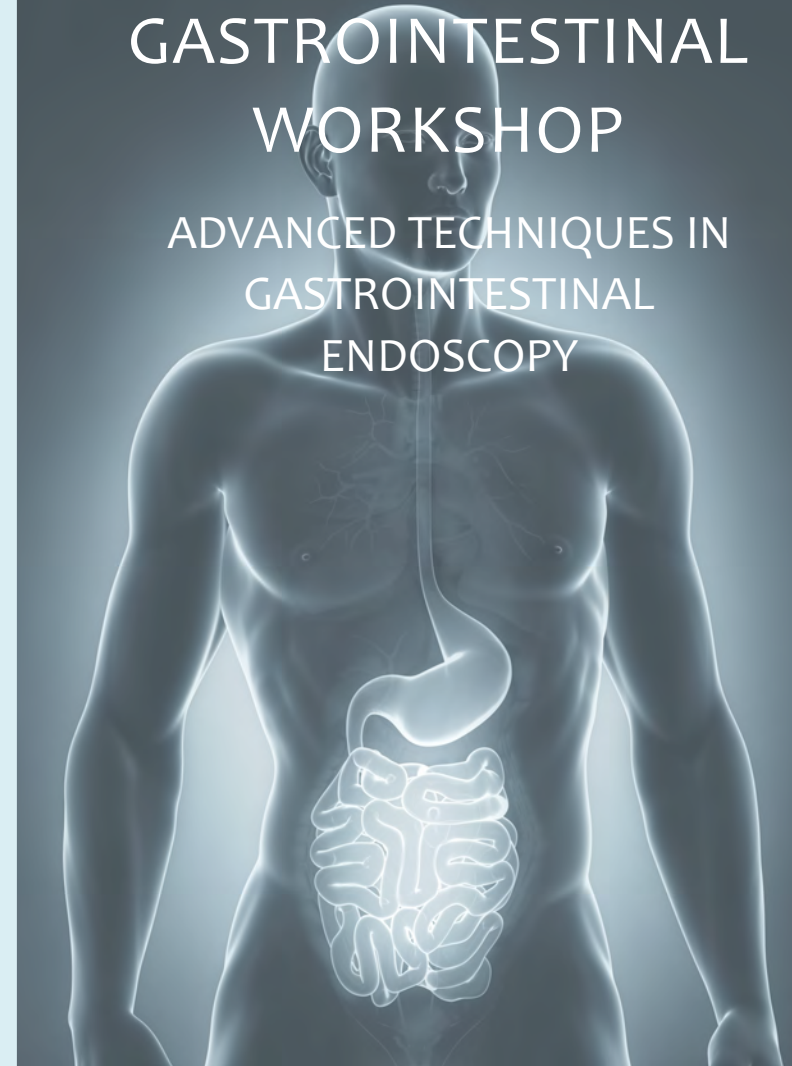

WITH KIND SUPPORT:

# GASTROINTESTINAL WORKSHOP

## ADVANCED TECHNIQUES IN GASTROINTESTINAL ENDOSCOPY

15/16 August 2014

Please send application or registration to:  
[info@g-mea.com](mailto:info@g-mea.com)

## DEAR COLLEAGUES IN INTERVENTIONAL ENDOSCOPY AND GASTROENTEROLOGY

It is our great pleasure to invite you to Lebanon for our G-MEA workshop about innovative methods in gastrointestinal endoscopy.

The spirit of this innovative approach to education is best reflected by the fact that this meeting will combine workshops on bio-tissue models, as well as scientific sessions.

The field of modern endoscopy is rapidly evolving and new developments and key advances, such as virtual chromoendoscopy, confocal laser microscopy, endoscopic submucosal dissection, bleeding management and argon plasmacoagulation have been achieved. The ability to train on bio-tissues models and apply these new techniques to clinical practice is the primary goal of this workshop.

This workshop will focus on hands-on courses on resection techniques (EMR, ESD) and new imaging modalities (Scan, Laserscan). Together with our partners from the industry we are committed to providing high quality education and training for all participants. Trained by professional experts in their field, you will have the exclusive opportunity to learn and be taught innovative techniques of gastrointestinal endoscopy, and to see established methods from a perspective you have never experienced before.

The G-MEA course is accredited by the Lebanese German Societies and under patronage of the ESGE. This workshop will offer an experience which covers the whole of modern gastrointestinal endoscopy in an exciting social environment, designed to extend our knowledge, improve our practice and widen our friendships.

Welcome to Lebanon!

### Friday 15/08/2014

- 09:00 Welcoming  
G-MEA
- 09:15 New techniques in Virtual chromoendoscopy  
Dr. Marwan Chemali
- 09:30 Imaging in small bowel - overview and indications  
PD Dr. Joerg Albert
- 09:45 SB/-Push/Spiral/NaviAid enteroscopy  
Prof. Dr. Axel Eickhoff
- 10:00 Coffee break
- 10:15 Double balloon enteroscopy  
Dr. Ali Farag
- 10:45 Tip's and trick's from the experts  
PD Dr. Joerg Albert / Prof. Dr. Axel Eickhoff / Dr. Ali Farag
- 11:15 Hands on session 1
- 13:00 Lunch
- 13:30 Hands on session 2
- 15:00 Hands on session 3
- 16:30 End of 1st day

### Saturday 16/08/2014

- 09:00 Welcoming  
G-MEA
- 09:15 Comparison of different enteroscopy techniques  
PD Dr. Joerg Albert
- 09:45 DBE beyond – additional indications  
PD Dr. Joerg Albert / Prof. Dr. Axel Eickhoff
- 10:15 DBE Archives, Egyptian Experience - an interactive video presentation  
Dr. Ali Farag
- 10:45 Coffee break
- 11:00 Hands on session 1
- 12:30 Lunch
- 13:00 Hands on session 2
- 14:30 Hands on session 3
- 16:00 Oral exam and certification
- 16:15 End of the workshop
