

## HANDS-ON WORKSHOPS / WORKSTATIONS

Workstation 1:  
Endoscopic submucosal dissection  
with ERBE HybridKnife and Barrett ablation with  
ERBE HybridAPC

Workstation 2:  
Endoscopic resection and ablative techniques  
EMR, Polypectomy, Stenting

Workstation 3:  
Endoscopic resection and ablative techniques  
EMR, Polypectomy, Stenting

Workstation 4:  
Bleeding and hemostasis  
Injection, Clip, Loop, APC

FOR REGISTRATION:  
[www.G-MEA.com](http://www.G-MEA.com)

MAXIMUM 20 PARTICIPANTS

For registration or more information,  
please contact:  
Email: [info@g-mea.com](mailto:info@g-mea.com)

## FACULTY

Prof. Dr. Axel Eickhoff  
Head of GI Department  
Hanau, Germany

Dr. Marwan Chemali  
Doctor for GI  
Bellevue Medical Center  
Mansourieh, Lebanon

Dr. Elie Makhoul  
Head of Hepato-Biliary Department  
NDDS University Hospital of USEK  
Byblos, Lebanon

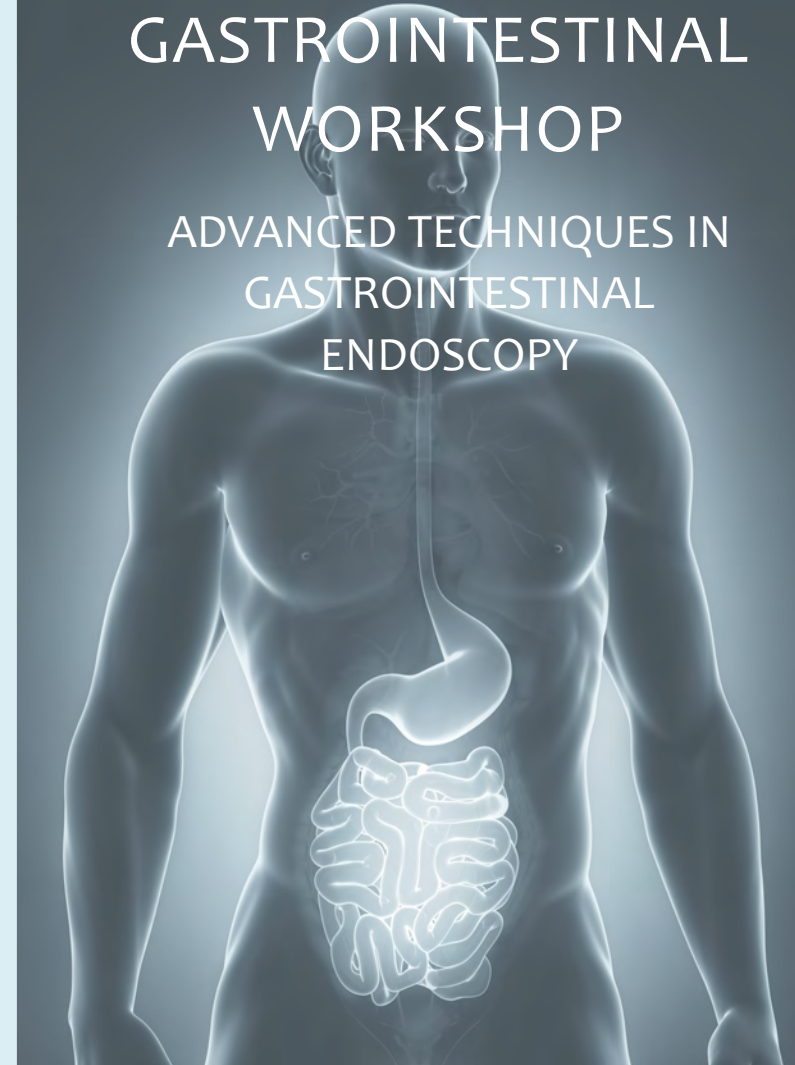

WITH KIND SUPPORT:

# GASTROINTESTINAL WORKSHOP

## ADVANCED TECHNIQUES IN GASTROINTESTINAL ENDOSCOPY

# 26/27 November 2015

Please send application or registration to:  
[info@g-mea.com](mailto:info@g-mea.com)

## DEAR COLLEAGUES IN INTERVENTIONAL ENDOSCOPY AND GASTROENTEROLOGY

It is our great pleasure to invite you to Lebanon for our G-MEA workshop about innovative methods in gastrointestinal endoscopy.

The spirit of this innovative approach to education is best reflected by the fact that this meeting will combine workshops on bio-tissue models, as well as scientific sessions.

The field of modern endoscopy is rapidly evolving and new developments and key advances, such as virtual chromoendoscopy, confocal lasermicroscopy, endoscopic submucosal dissection, bleeding management and argon plasmacoagulation have been achieved. The ability to train on bio-tissues models and apply these new techniques to clinical practice is the primary goal of this workshop. This workshop will focus on hands-on courses on resection techniques (EMR, ESD) and new imaging modalities (Scan, Laserscan). Together with our partners from the industry we are committed to providing high quality education and training for all participants. Trained by professional experts in their field, you will have the exclusive opportunity to learn and be taught innovative techniques of gastrointestinal endoscopy, and to see established methods from a perspective you have never experienced before.

The G-MEA course is accredited by the Lebanese German Societies and under patronage of the ESGE. This workshop will offer an experience which covers the whole of modern gastrointestinal endoscopy in an exciting social environment, designed to extend our knowledge, improve our practice and widen our friendships.

Welcome to Lebanon!

### Thursday 26/11/2015

- 09:00 Welcoming  
G-MEA
- 09:15 Different resection techniques  
Prof. Axel Eickhoff
- 09:45 ESD with Waterjet Technology  
Prof. Axel Eickhoff
- 10:15 Coffee break
- 10:45 Advantages of Novel Technologies in Endoscopy  
Dr. Marwan Chemali
- 11:15 Open discussion and theoretical preparation  
for hands-on course
- 11:30 Hands on session 1
- 13:00 Lunch
- 13:30 Hands on session 2
- 15:00 Hands on session 3
- 16:30 End of 1<sup>st</sup> day

### Friday 27/11/2015

- 09:00 Management of GI Bleeding  
Dr. Marwan Chemali
- 09:30 Different APC modes in the GI tract  
Dr. Elie Makhoul
- 10:00 The management of endoscopic perforation  
Prof. Axel Eickhoff
- 10:30 Open discussion
- 10:45 Coffee break
- 11:00 Hands on session 1
- 12:30 Lunch
- 13:00 Hands on session 2
- 14:30 Hands on session 3
- 16:00 Certificate
- 16:15 End of the workshop
