

HANDS-ON WORKSHOPS / WORKSTATIONS

Workstation 1:
Endoscopic submucosal dissection
with ERBE HybridKnife and Barrett ablation with
ERBE HybridAPC

Workstation 2:
Endoscopic resection and ablative techniques
EMR, Polypectomy, Stenting

Workstation 3:
Endoscopic resection and ablative techniques
EMR, Polypectomy, Stenting

Workstation 4:
Bleeding and hemostasis
Injection, Clip, Loop, APC

FOR REGISTRATION:
www.G-MEA.com

MAXIMUM 20 PARTICIPANTS

For registration or more information,
please contact:
Email: info@g-mea.com

FACULTY

Prof. Dr. Axel Eickhoff
Head of GI Department
Hanau, Germany

Dr. Marwan Chemali
Doctor for GI
Bellevue Medical Center
Mansourieh, Lebanon

Dr. Elie Makhoul
Head of Hepato-Biliary Department
NDDS University Hospital of USEK
Byblos, Lebanon

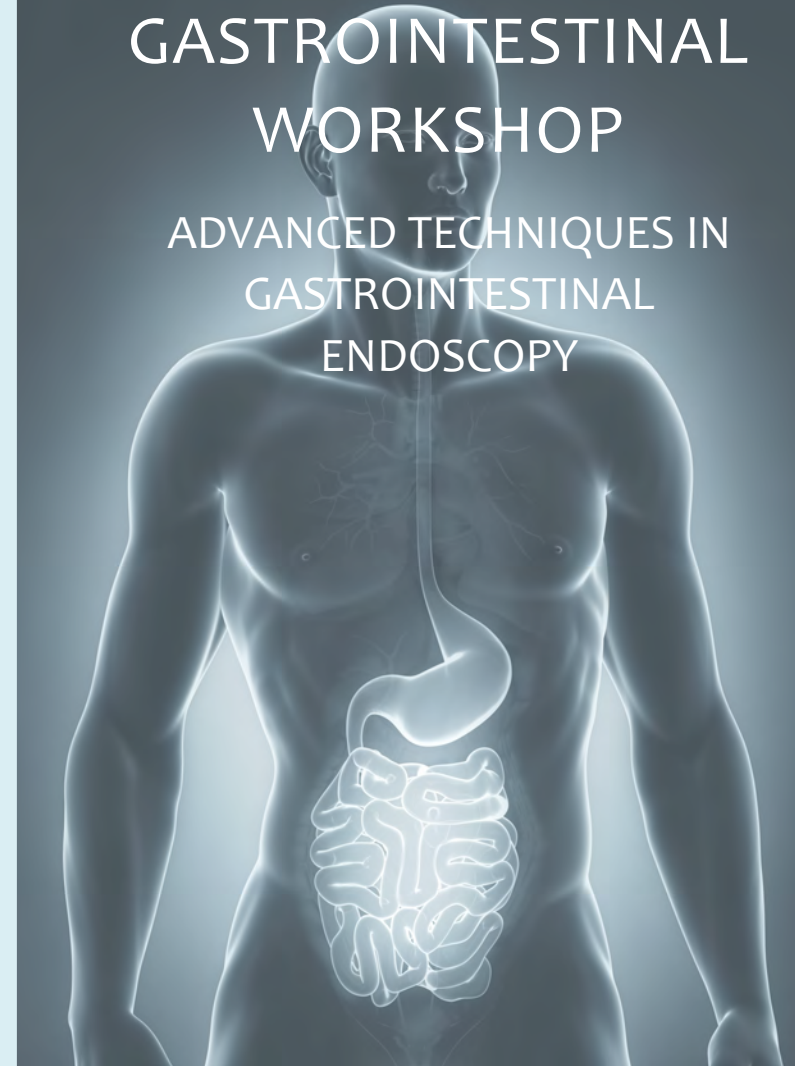

WITH KIND SUPPORT:

GASTROINTESTINAL WORKSHOP

ADVANCED TECHNIQUES IN GASTROINTESTINAL ENDOSCOPY

26/27 November 2015

Please send application or registration to:
info@g-mea.com

DEAR COLLEAGUES IN INTERVENTIONAL ENDOSCOPY AND GASTROENTEROLOGY

It is our great pleasure to invite you to Lebanon for our G-MEA workshop about innovative methods in gastrointestinal endoscopy.

The spirit of this innovative approach to education is best reflected by the fact that this meeting will combine workshops on bio-tissue models, as well as scientific sessions.

The field of modern endoscopy is rapidly evolving and new developments and key advances, such as virtual chromoendoscopy, confocal lasermicroscopy, endoscopic submucosal dissection, bleeding management and argon plasmacoagulation have been achieved. The ability to train on bio-tissues models and apply these new techniques to clinical practice is the primary goal of this workshop. This workshop will focus on hands-on courses on resection techniques (EMR, ESD) and new imaging modalities (Scan, Laserscan). Together with our partners from the industry we are committed to providing high quality education and training for all participants. Trained by professional experts in their field, you will have the exclusive opportunity to learn and be taught innovative techniques of gastrointestinal endoscopy, and to see established methods from a perspective you have never experienced before.

The G-MEA course is accredited by the Lebanese German Societies and under patronage of the ESGE. This workshop will offer an experience which covers the whole of modern gastrointestinal endoscopy in an exciting social environment, designed to extend our knowledge, improve our practice and widen our friendships.

Welcome to Lebanon!

Friday 26/11/2015

- 09:00 Welcoming
G-MEA
- 09:15 Different resection techniques
Prof. Axel Eickhoff
- 09:45 ESD with Waterjet Technology
Prof. Axel Eickhoff
- 10:15 Coffee break
- 10:45 Advantages of Novel Technologies in Endoscopy
Dr. Marwan Chemali
- 11:15 Open discussion and theoretical preparation
for hands-on course
- 11:30 Hands on session 1
- 13:00 Lunch
- 13:30 Hands on session 2
- 15:00 Hands on session 3
- 16:30 End of 1st day

Saturday 27/11/2015

- 09:00 Management of GI Bleeding
Dr. Marwan Chemali
- 09:30 Different APC modes in the GI tract
Dr. Elie Makhoul
- 10:00 The management of endoscopic perforation
Prof. Axel Eickhoff
- 10:30 Open discussion
- 10:45 Coffee break
- 11:00 Hands on session 1
- 12:30 Lunch
- 13:00 Hands on session 2
- 14:30 Hands on session 3
- 16:00 Certificate
- 16:15 End of the workshop
