

## HANDS-ON WORKSHOPS / WORKSTATIONS

Workstation 1:  
DBE and adjuvant / additive complementary techniques (APC, polypectomy etc.)

Workstation 2:  
DBE and adjuvant / additive complementary techniques (APC, polypectomy etc.)

Workstation 3:  
Endoscopic resection and ablative techniques  
ESD, EMR, APC, Polypectomy, Stenting

Workstation 4:  
Endoscopic resection and ablative techniques  
ESD, EMR, APC, Polypectomy, Stenting

FOR REGISTRATION:  
[www.G-MEA.com](http://www.G-MEA.com)

MAXIMUM 20 PARTICIPANTS

For registration or more information,  
please contact:

# GASTROINTESTINAL WORKSHOP

## Double ballon enteroscopy workshop

### ADVANCED TECHNIQUES IN GASTROINTESTINAL ENDOSCOPY

12/13 June 2015

Please send application or registration to:  
[info@g-mea.com](mailto:info@g-mea.com)

## DEAR COLLEAGUES IN INTERVENTIONAL ENDOSCOPY AND GASTROENTEROLOGY

It is our great pleasure to invite you to Lebanon for our G-MEA workshop about innovative methods in gastrointestinal endoscopy.

The spirit of this innovative approach to education is best reflected by the fact that this meeting will combine workshops on bio-tissue models, as well as scientific sessions.

The field of modern endoscopy is rapidly evolving and new developments and key advances, such as virtual chromoendoscopy, confocal lasermicroscopy, endoscopic submucosal dissection, bleeding management and argon plasmacoagulation have been achieved. The ability to train on bio-tissues models and apply these new techniques to clinical practice is the primary goal of this workshop.

This workshop will focus on hands-on courses on resection techniques (EMR, ESD) and new imaging modalities (Scan, Laserscan). Together with our partners from the industry we are committed to providing high quality education and training for all participants. Trained by professional experts in their field, you will have the exclusive opportunity to learn and be taught innovative techniques of gastrointestinal endoscopy, and to see established methods from a perspective you have never experienced before.

The G-MEA course is accredited by the Lebanese German Societies and under patronage of the ESGE. This workshop will offer an experience which covers the whole of modern gastrointestinal endoscopy in an exciting social environment, designed to extend our knowledge, improve our practice and widen our friendships.

Welcome to Lebanon!

### Friday 12th June 2015

- 09:00 Welcoming  
G-MEA, all
- 09:15 Small Bowel Enteroscopy  
(DBE imaging, preparations of DBE etc.)  
Dr. Ali Farag
- 10:15 Coffee break
- 10:30 Endoscopic Management of acute GI-Bleeding  
Dr. Fayez Sandouk
- 11:10 Endoscopy stenting (Metal stenting) & Standard care  
on Endoscopy  
Dr. Osama Abada
- 11:45 Open discussion
- 12:00 Friday Prayers & Lunch
- 13:30 Hands-on session 1
- 14:00 Hands-on session 2
- 14:30 Hands-on session 3
- 15:00 Hands-on session 4
- 15:30 Open discussion
- 16:00 End of 1st day

### Saturday 13th June 2015

- 09:00 Welcoming
- 09:15 Advanced Endoscopy Imaging & Virtual Chromo Endoscopy  
Dr. Marwan Chemaly
- 10:15 Coffee break
- 10:30 Interactive Enteroscopy  
Video session & discussion & tips & tricks on DBE  
Dr. Ali Farag
- 11:45 Pre-cut needle knife papillotomy for difficult cannulation  
Dr. Fayez Sandouk
- 12:15 Open discussion
- 12:45 Lunch
- 13:00 Hands on session 1
- 13:45 Hands on session 2
- 14:30 Hands on session 3
- 15:15 Hands on session 4
- 15:30 Oral exam and certification
- 16:00 End of the workshop
